

## CITY COUNCIL MEETS.

One of the Shortest of Sessions,  
Lasting Thirty Minutes.

## ROUTINE BUSINESS TRANSACTED.

The Islanders' Request Referred to the Committee on Wharves—Various Committees Bring in Their Reports—Mr. Milligan Sustains His Holmanic Reputation—Other Business Transacted.

The city council met last evening in regular session. The roll call in the second branch showed fourteen members present, one short of a quorum. In the upper chamber eight members were present, one short of enough to transact business.

After a few minutes no one turned up, and Mr. Hupp moved to adjourn. Mr. Maxwell interposed with a statement that there was some business that should be transacted, and he hoped the motion would be voted down. Only one man, Mr. Hupp, voted to adjourn.

Officer Wilkie said the telephone had been brought into play, but none of the absentees could be found. Finally Mr. Hamilton, of the Second branch, turned up and a quorum was present. About the same time Mr. C. A. Robinson, of the upper branch, appeared and that body also had a quorum.

The committee on petitions and remonstrances recommended that license be granted to George Landmesser to keep a coffee house at 1042 Market street. Council passed favorably on the recommendation.

The scales committee reported bills aggregating \$35.85, which were ordered paid by council.

The committee on accounts reported they had examined the city clerk's books, also his annual statement, which was ordered printed in pamphlet form and in the daily press. Council took the occasion to thank Clerk Thoner for the able and painstaking manner in which the business of the clerk's office has been discharged during the past year. The per diem of the members of the committee on accounts, amounting to \$55, was ordered paid.

Mr. Milligan raised an objection because the number of hours which the members had served was not stated, but finally voted for the resolution.

Property owners on Linn street asked for electric lights on that thoroughfare. The petition was referred to the gas board.

The Islanders' council committee made a request for the right to locate a ferry at the foot of Twelfth street to run to the foot of Ohio street. Mr. Maxwell moved to refer to the committee on wharves with power to act. The motion prevailed.

A resolution authorizing the committee on streets, alleys and grades and the city engineer to establish a grade on Linn street was referred to the committee.

A resolution to pave Grand View street was referred to the board of public works. Petitions and resolutions for minor improvements were referred to same board.

A petition for reduction of assessment was referred to the board of equalization and appeals.

The application of T. J. Rempe to keep a coffee house was referred to the committee on petitions and remonstrances.

In the first branch the ferry boat motion was changed, and the committee on wharves will make their report to council before acting. Mr. P. B. Dobbin presided in the first branch in the absence of the mayor.

Council adjourned at 8:30 o'clock, the session having lasted only thirty minutes, one of the shortest on record.

Mrs. E. E. Padgett Dead.

Yesterday afternoon Mrs. Grace C. Padgett, nee Hathaway, wife of E. E. Padgett, of Pittsburgh, died at the home of her father-in-law, David Padgett, 3118 Eoff street. She was on a visit here, when she was seized with the grip, which resulted fatally. A wide circle of friends extend sincerest sympathy.

All who are troubled with constipation will find a safe, sure, and speedy relief in Ayer's Pills. Unlike most other cathartics, these pills strengthen the stomach, liver and bowels, and restore the organs to normal and regular action.

Matters of Minor Moment in and About the City.

MATINEE at the Grand to-day.  
THE GRAND this evening—"Slavery Days."

OPERA HOUSE this evening—Mother Goose Reception.

THERE was another whitewash in the police court yesterday morning—not a case.

A WHEELING man bet \$10 to \$25 "that Corbett will not whip Mitchell on January 25." He is taking chances on the fight not coming off on that day and thinks he has great odds in his favor.

CLERK Hook yesterday issued a marriage license to George A. Wood, aged 23, and Sarah McClary, aged 21, both of Wheeling; also to Anthony J. Tolbert, aged 37, and Mary Weitzel, aged 21, both of Wheeling.

A GREAT many places remain on the most prominent streets where the brick pavements were torn up last season and never properly replaced. The board of public works might employ men to repair these holes and charge it to the responsible parties.

The charter of the newly organized Wheeling Bowling association was received last night by S. G. Smith, counsel for the incorporators. The capital is \$200, with privilege of increasing to \$25,000; shares \$10 each, held by E. M. Holliday, B. F. Caldwell, George E. House, John Friedel and E. C. Harty, all of Wheeling.

The Wheeling Turners have made arrangements to visit the Turners' Society of Steubenville next Sunday. A special train will be run over the Wheeling & Lake Erie railway, leaving Wheeling at 9 o'clock a. m. city time, and returning leave Steubenville at 10 o'clock p. m., city time. The public generally are cordially invited to join the Turners in this trip.

No lover of the game of billiards should miss seeing the match game at the Opera House Friday night between Jacob Schaefer, champion of the world, and William A. Spinks, champion of the Pacific coast. The game will be played upon a 5 by 10 (championship size) table, and will therefore be as interesting as any played in the large cities, where only heretofore these experts of the cue have appeared. Seats are now on sale at the McLure House billiard parlor.

## ABOUT PEOPLE.

Strangers in the City and Wheeling Folks Abroad.

Sheriff D. Jeff Jenkins, of Huntington, accompanied by Hon. Thomas A. Whit, a prominent Second City attorney, and one of the "cutest" Democratic politicians in the state, is at the Behler. The sheriff left one more Cabell representative at the state prison institution at Moundsville yesterday afternoon; that county by the way now has more than 12 per cent of the total representation of the 64 counties at the pen. As a criminal centre Cabell is at the top of the heap.

J. W. Huderman, of Sistersville, is at the Behler.

T. H. Hammond, of Wellsburg, is a McLure arrival.

William M. Kincaid, of Cameron, registered at the Behler.

H. H. Smith, of Toronto, brother of S. G. Smith, is a McLure guest.

Mr. F. J. Pickard will leave for the east over the B. & O. in a few days.

Dr. S. L. Brock, of Morgantown, was in the city yesterday and registered at the McLure.

Gen. A. H. Beach, of the Bloch Bros. Tobacco Co., left yesterday for a business trip through the eastern states.

John Finlayson, of Sistersville; J. A. Dopier, of Proctor, and Misses Lizzie and Etta Dunlevy, of Cameron, are among yesterday's arrivals at the Stamm.

Mr. C. R. Behler, of the Hotel Behler, has recovered after an extended illness, and will now take personal charge of his popular hostelry. During his illness he was at the Wheeling hospital where he received the best of treatment.

To prevent fevers, keep the liver active and bowels regular with Simmons Liver Regulator.

## The Aftermath.

A day or two before the Press Club-Bowlers game of ten pins, that hustling representative of German newspaperdom, Frederick Colmar, had the temerity to say to Charley Bowers and Charley Horstman, of the South Side team, that his gang would "do up" the bowlers two games. His hearers made fun of the claim, and Bowers was so sure the feat wasn't possible that he said he would put up \$10 for a banquet if the Press Club defeated the Bowlers two games. Horstman added \$5 to the "pot," and a keg of Schmitt's best. Bright and early yesterday morning Colmar went after the South Side pair, who did not "renege," but agreed to put up the wherewithal for the banquet, which will take place probably at the Press Club rooms next Tuesday evening, and will be attended by all the members of the Press Club and South Side bowling teams.

A Private Maquerade.  
Last evening Mr. and Mrs. S. O. Boyce entertained a party of fifteen or eighteen couples of their friends at a private masquerade party at their home on Chapline street. Some of the costumes were very fine and all were ingenious and artistic. It was one of the pleasantest social events of the season. Dancing to the strains of the orchestra was interrupted at a seasonable hour to partake of splendid refreshments. It was a very merry party, and will long be pleasantly remembered by those who participated in its pleasures.

## Other Social Events.

Last evening at Calumet hall, on South Main street, the popular Calumet Club gave one of its monthly hops, which, as it is the last before Lent, was largely attended and very brilliant. The attendance was large and select, and a most enjoyable evening was spent tripping the light fantastic. The committee in charge of the affair deserves high praise for the smoothness with which the affair passed off.

Tuesday evening at Calumet hall on South Main street, Prof. John Mullen, the popular and veteran dancing master, who is well known and liked by everybody, gave a hop to his pupils, which was one of the most enjoyable events of the present social season. Many of the old pupils of the professor also attended and equally enjoyed the festivities of the evening. The professor, of course, was in his element.

Cure For Headache.  
As a remedy for all forms of headache Electric Bitters has proved to be the very best. It effects a permanent cure, and the most dreaded habitual sick headaches yield to its influence. We urge all who are afflicted to procure a bottle, and give this remedy a fair trial. In cases of habitual constipation Electric Bitters cures by giving the need tone to the bowels, and few cases long resist the use of this medicine. Try it once. Large bottles only fifty cents at Logan Drug Co's Drug Store.

## MARTIN'S FERRY.

Haps and Mishaps in the Thriving City Across the River.

Two shots were fired on Fifth street near Hanover yesterday morning about 3 o'clock, but this is all that is known about it. Several persons were awakened and got up. One woman was so badly frightened that she could not sleep afterward.

C. C. Cochran will lay a fire brick pavement in front of the Cleveland & Pittsburgh passenger depot on Second street if somebody don't get out an injunction. A pavement is much needed there.

Yesterday afternoon an association game of foot ball was played in Sloan's field. George Gosney's side scored 26 and Charles Arn's 20. Another game will be played this afternoon.

Miss Mary Jones has succeeded Miss Fletcher as a primary teacher in the Third ward, the latter having been promoted to the grammar school in the Central building.

The relief committee is much in need of money, meat, flour, sugar, coffee, soap, etc. Only one donation was received yesterday. This was \$10, from David Park.

Three hundred and fifty members of the Amalgamated Association employed in the Atlas-Standard mill signed a petition protesting against the Wilson bill.

It is believed that the amount paid out of the township poor fund will be \$150 or \$200 less this month than last on account of the relief store.

R. C. Meyer, the newly selected internal revenue collector, was up yesterday getting pointers from S. F. Dean, whose term expires next week.

Yesterday another attachment was gotten out on the photographic outfit of Lon Blackburn, to recover \$50 rent due William Cattel.

The common pleas court will convene February 6. It is believed that the Wilson trial will not take place until March.

The Gwent Choral Society, of Aetna-ville, will give a concert at Bridgeport for the benefit of the poor.

Mrs. F. H. Eick is on the sick list; also Ferd Wagner, who makes his home with them.

A stereopticon exhibition on Hanover street drew a large crowd last night.

Miss Mamie Zink, of Steubenville, is visiting her brother, Frank.

Marian McGraw was at Jewett yesterday.

## BOATS LEAVING TO-DAY.

Lizzie Bay, Charleston, 6 a. m.  
Ben Hur, Parkersburg, 11 a. m.  
Liberty, Garrettsburg, 3:30 p. m.

The river at this point is still stationary, with 8 feet 7 inches in the channel, a very fair boating stage for all of the packets.

The Hudson, of Pittsburgh, passed up at 2 p. m., having been delayed by fog. She will be due for Cincinnati tomorrow morning at 8 o'clock.

A Pittsburgh dispatch says that Capt. George W. Hay, of Ponton, Ohio, was in the city to-day, having come up on the Lizzie Bay. He reports his brother, Capt. William Hay, who met with a serious accident several months ago getting along very well.

The Keystone State passed down at 1 p. m. for Cincinnati with a big trip. She carried quite a number of Mardi Gras excursionists who will make the trip to New Orleans by the river. At Cincinnati they take the palatial Mississippi packet, the New South. No Wheeling people went by the river this year.

Headwater reports shown below show either falling or stationary streams:

Morgantown—River 7 feet and stationary; fair and pleasant.

Warren—River 4 feet 2 inches, stationary; cloudy, mild.

Greensboro—River 8 feet 2 inches, falling; cloudy, warm.

Oil City—River 3 feet 1 inch, falling slowly; clear and cool.

Pittsburgh—River 6 feet, stationary; clear, pleasant.

A certain cure for malarial fevers is found in Simmons Liver Regulator.

## GREATEST IN THE WORLD!

Why Thousands of Families Owe Their Health to Paine's Celery Compound.

Thousands of persons are suffering from no definite disease, but are tired, worn out, weak and nervous.

To meet the needs of just such overworked, over-anxious men and women whose nerves are shattered and their blood grown thin and impure, Paine's celery compound is prescribed.

It is the greatest remedy the world has ever known for fatigue of mind and body, for sleeplessness, debility and all complaints arising from depressed vitality.

It restores the functions of the digestive organs, strengthens the mental and physical powers, relieves the dullness and drowsiness of nervous weakness.

Ten nights are required to repair one night's loss of sleep," says an adage. But nothing so calms and soothes the nerves as Paine's celery compound or so surely brings sound, dreamless sleep as Paine's celery compound.

For men and women subjected to the enormous strain of social life, or spend-thrifts of vitality through any form of dissipation, nothing will save them from complete breakdown like Paine's celery compound.

Paine's celery compound is the outcome of a long life devoted to incessant scientific study of diseases of the important organs of the body and their dependence upon the nervous system.

No less an eminent scientist than Edward E. Phelps, M. D., LL. D., professor in the Dartmouth college medical school, first prepared Paine's celery compound, the great remedy that has cured so many thousands sick, nervous and enfeebled men and women throughout the country.

Paine's celery compound applies the tired system all it needs in the way of food for nerves and blood.

Rheumatism is relieved when every other means fails.

In all wasting diseases recovery becomes a simple, easy matter when the strength is kept up by Paine's celery compound and the nerves and vital organs receive in abundance the food they demand.

The foundation of recovery from diseases which attack special organs is laid by the utmost attention to the nutrition of the whole body. No nutritive agent was ever discovered that will food aching nerves and brain, and restore the natural functions of the vital organs, like Paine's celery compound.

Well nourished bodies, well fed brains, sound sleep, health and strength have come to thousands from Paine's celery compound.

Mr. J. H. Engle is a prominent merchant in the beautiful town of Hamburg, Iowa. His reputation is too high to permit of his recommending a preparation unless it has superior merit. Read what he says of the great good Paine's celery compound has done him and his family:

"I feel it my duty," he writes, "to say a good word for Paine's celery compound. I have suffered a number of years from neuralgia, and tried many different medicines without relief. Finally I was persuaded to try Paine's celery compound. After using nine bottles I am in better health than I have been for many years.

"My wife and children have also been using the compound with marked benefit to all of them."

The picture above is of Mr. Engle and his family. They have had the same experience as thousands of others.
